

Young Gay Men Nudists

What do you call people with no clothes displaying their largest organ to the public? Nudists. Add the male homosexual mindset to it, the word takes on a new meaning. To spice it up a little bit more, throw in young gay men in the term and you arrive at young gay men nudists. Young gay nudists constitute of wide array of young nudes; thin, short, small, handsome, sissy, fat, tanned, smooth and muscular – you name it, they've got it. Unlike twinks, young gay nudists do not necessary means gay dudes with hot sexy body, a cute butt with a handsome face. Rather, nudists run the gamut from the incredibly hot to the incredibly not. Nudists are largely naturists who enjoys being nude in an outdoor settings for social and recreational activities. Some view it as a form of art, part of the self-acceptance practice, and respect for oneself, others and the environment. Others may just want the male bonding, literally. Why they like being naked in the public? Like general nudists young gay men like being naked because they feel free and closer to nature. Epiphany came early in pre-teens for these young gay men to discover the pleasures of textile-free sensation. Feeling of air and water running smoothly over their body gives them the freedom and comfort of swimming without soggy fabric sticking off their torso. Some enjoys the heightening primal sense of connection with the natural elements being outdoors, whether hiking, swimming, relaxing or camping a la brokeback mountain. Some simply enjoys socializing in the nude with other young gay nudist because there are fewer barriers to communicating and getting to know each other. Some just simply love being tagged exhibitionists to the extent of having sex in the back of the car parked in full view of other desirously looking gay men.

What else is associated to young gay men nudist other than being naked among guys? Of course it is sex, sex and more gay sex, preferably au naturel! If clothes make the man then nudity makes everyone equal. Equal indeed all men are when stripped down to the last of clothings. In such encounter, a young gay nudist is left with a stick and a hole, and sinister imaginative twisted horny sexually filled brain. Put hundred gay nudist men together and you'll get earth shattering shag under the sun that will rigged Richter's scale off its limit. Basking under the sun by the California beach or camping naked under the starry night in the woods, or playing

host to a gay nudist party where they bare all for a gathering that proceeds into a night of fiery passion. There are indoor nude party, and outdoor nude activities.

Indoor nude gathering usually involves a host to organize the party. The venue is usually the host's place/apartment. Host is in charge of preparing F&B or it could be a potluck whereby young gay nudists bring in food n drinks usually beer, setting ground rules that are usually broken. After all, rules are meant to be broken and what's more in this kind of setting where everyone bares it all. Party is as wild as it can be. Beers remove inhibitions and the boys start to go crazy. Young gay nudists join gay nudists party for a great evening together, often starting out with beer drinking and giggle-filled conversation, and ending up with bona-fide adventure. Most young gay nudists started out in indoor surrounding.

Outdoor activities for young gay nudists for all you know will be full of energy, rough and adrenaline filled. Beaches are popular for young gay nudes all over the world to play naked under the sun and eating each other out when dust fall. If the venue is hiking down a valley of pinecones and lavender, you'd probably find a young gay couple right behind the bushes and you would wonder why they smell like flower at the next junction where they suddenly popped up looking rather exhausted and traces of cum over the abs. If the venue is over the mountain, well you'd probably see one steaming off like Heath Ledger and Jake Gyllenhaal.

A young gay nudist may not venture out into the outdoor naked as his first nude experience. He might started out modestly swimming naked in indoor pool during men's hour. After he got the hang of it, he perhaps moved on to nude beaches. Once hooked he never look back. For guys like this, running naked along fine grain sands playing volleyball with other gay men, and relaxing under a bald cypress tree on hot summer days are the common starters for most young gay nudists. On peer influence and growing audacity young gay nudists migrate to a more celebrated affair by attending gay nudist social event such as one held in Orlando or the Southern Exposure in Tampa. On the other hand some young gay nudist started out outdoor such as spending time naked in the garden. Some experienced outdoor young gay nudists find it a big change from romping naked in dunes to his first pool party where he met his closest partners. Likewise, once hooked, pool parties can offer as much

thrill and excitement that outdoor activities can offer. No matter where the gathering is, sex is always almost inevitable for these young gay nudists. Like all gay pornography end with a satisfying orgasm, the party must also end with an explosive sex only this time you get to do it yourself.

On the whole, nudists view being naked as part of respecting nature as it is and that everyone is unique right to the shapes and sizes of the bare body. However one distinct difference between young gay nudists and nudists in general is that young gay nudists might not be so forgiving as to not view how attractive the physical appearance of other young gay nudists. On paper, the purpose of these young gay nudists might look innocent and conservative enough to make you think that they are really naturist in the truest sense of the word. But on the hindsight, every young gay nudists like hormonally filled youngsters join in gay nude activities for a good jolly fun that are not so innocent after all. Let's face the fact. People like attractive people. Though beauty is subjected to the eyes of the beholder, we all know it does not run far the conventional perception of physical attractiveness and hotness in its purest physical definition. Beauty amongst young gay men runs along the idea of a hot dude possessing six pack, solid muscles that equals the ones you see in the movie 300, possibly twink type (boyish handsome looking), and a 'long john' that lives up to its name and leaves gay men moan for more. Johnny's huge balls sway in such a fantastically provocative manner as he is pounded furiously by another black gay dude. There in one corner you can tell that Mike really has to fight to keep from ejaculating a colossal charge of man juice from his clean shaven 8 inch of pure muscled horse-cocked stud, and pulls out a few times to keep himself together. The precum emission from his throbbing dick is extraordinary to say the least. This is the scene you would expect at the height of young hot blooded gay sex parties. Physical attraction is indeed the strongest reason that brings these young gay nudists come together no matter what the agenda is. The bottom line is young gay nudists want to get naughty and have sex with another young gay nudists. After all, there's one less resistance since the clothes are off.

Some come with their partner to join in the fun and crowd. There are also couples swapping partners and find it even more thrilling watching their own partner bagging off with a stranger while he himself getting hot with a handsome dude or so it

is most of the time. Some come with an open mind hoping to contract a happy ending for themselves by scoring one or two or three satisfying free sex session. The young hot and sexy are often the crème de la crème of the crowd with most young gay nudists hit on them. Gay twinkles are of these types. Being hot, cute and sexy do have their advantage over the not-so-good-looking as they do not have to be the initiator and almost certainly do get what they wish for. However, despair not for those who are not considered twinkles for in many of these parties, all young gay nudists have their market so to speak. One way or the other you can most certainly see everyone is busy getting on juicy sucking another fellow young gay cock. There are even those who forego the looks criterion as long as they get a good shag at the end of the day. And the best thing is that they don't even have to remember it the next day and carry on with their lives waiting for another round of excitement in another round of gathering.

Such vivid sexpo portrayal of young gay nudists might prompt one to think they are good for nothing individuals who only know how to party and have sex. But on the contrary, some of these lustful young gay men feather the cap of holding important position in gay community. One may be seen editing articles for the Gay Naturist Informer published by Gay Naturists International (GNI), the largest gay nudist organization. Another might play a formidable role in WildFyre Society, South Florida's premiere gay nudist group. Some are perhaps board members of Gold Coast Bare Skins (GCBS), one of the oldest gay nudist club.

How often do they gather to do these activities? Gay clubs and websites dedicated to young gay nudists are aplenty and it is mushrooming all over the world. Clandestine in nature or otherwise, young gay men do almost always find a way to be acquainted with at least one organization. Membership could be free, or charged with a nominal fee usually within affordable means for these young eager beaver. After all, these are not clubs that requires high maintenance and inputs to keep going. One thing for sure, they do not have to buy membership T-shirt nor do they require to wear gear, unless of course the activities involved are of S&M in nature. These are not golf clubs – high strength titanium carbon sticks are not required. These are certainly not high end gambling carat club. They are not even entitled to a game of strip poker as they are all readily stripped upon arrival. Whatever agenda line ups they might have, they

just want to socialize, have fun and feeling great mingling with like-minded men. Depending on the organization/club, intervals of such gathering range from weekly basis to monthly basis or even perhaps large scale yearly basis such as the Vancouver's Gay Pride Parade. Some do it the more unceremonious way - organizing gay gathering themselves without having to go through a third party. Through word of mouth as most of these events are gotten to know of, young gay nudists who want to join in the fun, can just come over and join the fun provided they agree to share the outing and F&B costs, etc.

With assortment of venues at the disposal of young gay nudists, finding a paradise could not have been easier. Young gay nudists are growing in number and markets for gay nudists activities are on the rise. From house parties to naked bowling, from naked camping to gay sex parties, choices are aplenty and fun has never been more well defined for these young gay nudists. What is fun? To them sex is fun. Sex is the only thing that is in the minds of young gay nudist every 6 seconds. They like raw rough sex, sucking bull-sized cocks and tearing a newbie's asshole. Young gay nudists certainly know how to put on a good show for those vain enough to record home made videos for his own viewing during private pleasure time. What are you waiting for?
